# SEND PAYMENTS FOR YOUR CUSTOMERS

Banking Circle S.A. has developed several options for our clients to choose from to enable payments for your customers. Taking into consideration our client's nuanced needs, we can provide a flexible solution to provide to your customers.

Choose who to show as the sender
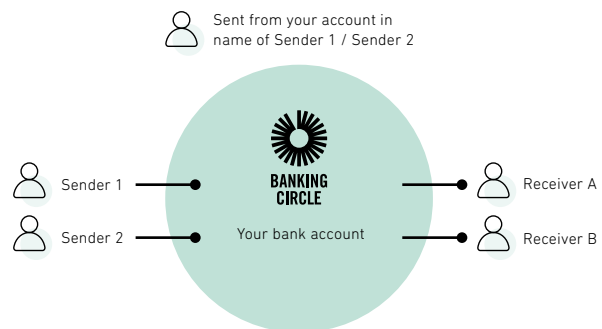

Payments in 24 currencies

Easy account admin and reconciliation

Dynamic Sender

Change the Sender Name of your payments for easy recognition and better transparency

Use your bank account at Banking Circle S.A. to send payments for your customers locally or across the globe. You can apply a different Sender Name for each new payment you send for your customers from your bank account.
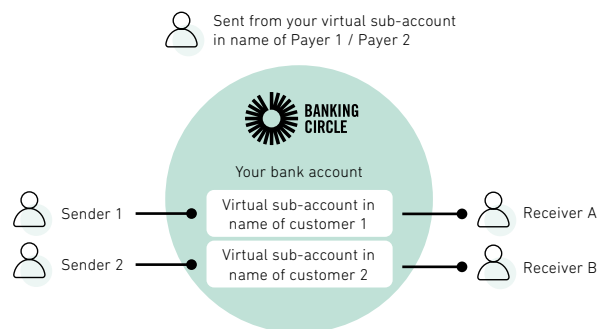

Sent from your account in name of Sender 1 / Sender 2

Sender 1 → Your bank account → Receiver A
Sender 2 → Your bank account → Receiver B

Virtual account for your customers

Apply virtual account details for your customer payments, each with its own account number and sender name.

Your customer's name will then appear as the Sender Name to the recipient.

Virtual accounts also allow for collections to receive incoming funds for your customers.

Sent from your virtual sub-account in name of Payer 1 / Payer 2

Sender 1 → Virtual sub-account in name of customer 1 → Receiver A
Sender 2 → Virtual sub-account in name of customer 2 → Receiver B

Your bank account

Payment Reference

Share information about your customer and payment via the Payment Reference

Your name will appear as the Sender Name to the payment recipient. Information about the payer, your customer, should be included in the reference field of the payment.

Sent from your account in your name

Sender 1 → Your bank account → Receiver A
Sender 2 → Your bank account → Receiver B
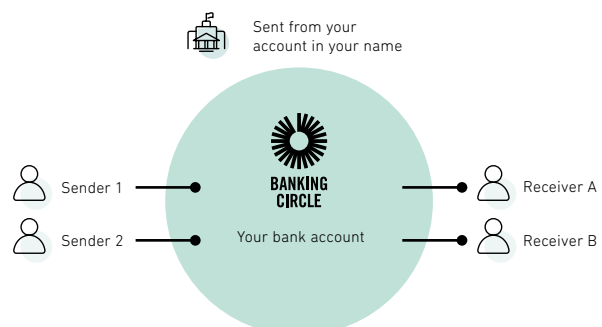

Comparing your options

	Dynamic Sender Name[1] in your customer's name from your account	Virtual Account for Customers[1] in your customer's name from a unique virtual account	Payment Reference in your name from your account
