

POWERING GLOBAL PAYMENTS AND FX FOR BANKS AND PSPS

SEAMLESS CURRENCY SOLUTIONS. UNMATCHED FLEXIBILITY. GLOBAL SCALE.

Global network, local expertise

Leverage our established worldwide infrastructure for effortless currency conversion, international transactions, and treasury operations—all with minimal friction

Competitive multi-currency access

Transact in up to 24 currencies with industry-leading exchange rates, reducing costs and maximising efficiency

Multi solution FX execution

Execute FX trades and payments seamlessly by selecting the channel and solution that best fits your workflow

Transparent transactions

Lock in pre-agreed FX margins with automated application, ensuring clear, predictable pricing for you and your customers

Advanced FX functionality

Use features such as embedded FX, instant trade, request for quote and held rates—tailored for dynamic treasury and payment needs

Effortless integrations

Connect effortlessly via API, Client Portal, or SFTP—designed for smooth interoperability with your existing systems

Banking Circle powers global banking and payment services with modern back-end rails and a world-class API. Headquartered in Luxembourg, Banking Circle Group has branches in Denmark, Germany, Norway, Sweden and the UK, subsidiaries in Australia, Liechtenstein and Singapore and a 'sister' banking entity in the US, with more growth to come.

NEXT GEN BANKING. POWERED BY THE LATEST TECHNOLOGY.
