HEDGE FX 24/7, PAY 24/7

With our Weekend Rates feature, FX and payments can be enabled on weekends and bank holidays—seamlessly and without any additional integration. Move from indicative to tradable rates even when the FX market is closed.

FX RATES WHEN MARKETS ARE CLOSED

Access FX pricing during weekends and bank holidays

24/7 FX TRADES AND FX PAYMENTS

Execute FX conversions and FX-enabled payments at any time

HEDGE FX EXPOSURE OUTSIDE MARKET HOURS

Manage currency risk even when traditional FX markets are unavailable

ACT ON FX MOVEMENTS WITHOUT WAITING

Capitalise on market shifts as they occur - not when markets reopen

BROAD CURRENCY COVERAGE

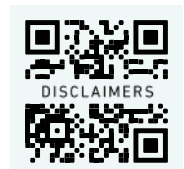

Available across all 24 currencies supported

NO ADDITIONAL INTEGRATION REQUIRED

Use the same FX endpoint. No development or system changes needed

Please note: there is no extra cost to enable this feature. Weekend rates can be deactivated if there are extreme adverse market conditions or events that occur over the weekend. BC General Terms and Conditions apply.
